1	Please give us information about university exams as soon as possible so that our child will study accordingly, and take studies seriously.	Online final exams are based on the INC guidelines we cannot decide on that
2	All staff are very cooperative, but like this through online apps, remaining syllabus and subjects like pharmacology, and pathology please start taking so our wards will be in that learning phase and they will do study if regularly there is a lecture or assignment. Thank you.	Online classes this time we are going to give on synchronous mode, so it will be interactive
3	I would want teachers to clear doubts regarding the marking issues and do tell them where they are lacking	All classes will be revised thought the syllabus is over
4	Should inform about final exam as soon as possible	Online final exams are based on the INC guidelines we cannot decide on that
5	Take final exam as early as possible. Take online final exam.	Online final exams are based on the INC guidelines we cannot decide on that
6	To inform exam schedule prior in advance so as to prepare for the exam.	Enough preparatory time will be given for the University exams.
