#### OBJECTIVES:

- Lecture was conducted in the interactive way and general population were happy to by asking more questions
- To give a basic knowledge about Hypertension awareness.
- To evaluate the knowledge about social stigma related Hypertension.
- To identify the General population attitude towards Hypertension.

This year we conduct programmes raise the public awareness about the health issues.

We Msc. First year student and the staff organized a public awareness programme on Hypertension behalf of Symbiosis College of nursing.

The teachers who accompanied the program were Dr. S.G Joshi and Mr. Mangesh Jabade.

Dr. Joshi sir gave a lecture on Hypertension awareness on general public and after that was a street play,short interactive session, General public were asked to raise questions in which they were having doubts

World Hypertension Day (WHD) is an annual initiative of the World Hypertension League (WHL), an affiliated section of the ISH. The theme of WHD 2016 is "know your numbers" with the goal of increasing high blood pressure awareness in all Hypertension. Hypertension, also known as high or raised blood pressure, is a condition in which the blood vessels have persistently raised pressure. Blood is carried from the heart to all parts of the body in the vessels. Each time the heart beats, it pumps blood into the vessels.

Populations around the world. The WHD 2016 challenge is to screen three million adults. We encourage you to contribute data between 17-24 May to help us reach this goal!

World Hypertension Day is important because it reminds the public and government that Hypertension has not gone away – there is still a vital need to raise money, increase awareness, fight prejudice and improve education.

**THE FOLLOWING ACTIVITIES ARE CARRIED OUT:**

- Street play was conducted in the interactive way and public were happy to by asking more question.
- We maintain social distancing during our street play.
- Due to safety of corona virus, we organized short quiz was conducting regarding Hypertension awareness by questionnaire.

- Lecture was conducted in the interactive way and students were happy to by asking more questions.
- Presentation by Dr.S.G.Joshi on Hypertension prevention and awareness.
- Interactive sessions by General population they asked doubts regarding presentation.
- A 15 min socio drama presented by scon student. To give health education regarding how prevent Hypertension
- All instruction given to participated community

**CONCLUSION:**

At the end of the program general population were able to grasp awareness about Hypertension. The feedback from the general population was good, due to covid prevention we avoid any personal interaction with public we maintain social distancing as well as request to all wearing masks. It was beneficial for the community. And the support from the general population is very enthusiastic and positive.
