Sub: 'Ramnadi Yuva Sansad'

Dear Sir,

Greetings from 'Kirloskar Vasundhara International Film Festival 2020'!

This year 14th KVIFF will host the 'Ramnadi Yuva Sansad'. The festival will be held from 3rd to 7th January 2020 and the theme is 'No to Plastic, Yes to Earth'. Kirloskar Vasundhara has initiated 'Ramnadi Restoration Mission' founded by 12 organisations, experts, 'K' group employees and 35 colleges.

About the 'Ramnadi Yuva Sansad'

Did you know that Pune has not 2 but 5 rivers? The Mula and Mutha are well known, but the Pawna, Ramnadi and Devnadi rivers are not. Of these, the **Ramnadi** flows through Bavdhan-Pashan-Baner suburbs of Pune city. This small and neglected river is what gives the beautiful Pashan Lake to Pune! Around 3 lakh citizens are located at the bank of the river. The Ramnadi Restoration Mission (RRM) is a movement to bring back the lost glory to the Ramnadi. With this goal in mind, KVIF 2019 proposes to hold the Ramnadi Yuva Sansad.

The Ramnadi Yuva Sansad is organised and managed by **Ecological Society** with **Fergusson College** supporting us in this event.

What is the Ramnadi Yuva Sansad?

1. Selected colleges are invited to participate in the Sansad. Their teams will undertake a study and prepare their plan in one of the chosen themes.
2. Your team can choose ONE of the three themes in this Sansad
THEME A - Plan for improving the Ramnadi riverine Ecosystem
THEME B - Plan for managing encroachments, human activities and interventions in Ramnadi

THEME C - Plan for engaging societies along the banks in community service for Ramnadi improvement.

3. The Sansad will be presided by a jury panel of experts.

How to participate in the Sansad :

1. Make a team of 8 to 10 students from your college – any year, any stream.
2. Your team should choose one of the themes stated above.
3. You will need data, observations, expert meetings and photos to prepare your plan for the chosen theme. For this the team will make field visits to collect data.
4. Using any form of multimedia, prepare your presentation of your analysis and plan.
5. On the final day your team gets 10 minutes to present & 5 minutes for Q&A.
6. After all the presentations, there will be a round of questions by jury and a debate on the recommendations.
7. The jury will then take the most appropriate and relevant recommendations and prepare the 'Action Plan for Ramnadi'. Your efforts will actually be put into action by the Ramnadi Restoration Mission team!

Prizes:

There are FOUR prizes :

- a. Best recommendations for each theme
- b. Most innovative idea for Ramnadi improvement across all themes

All participating teams will get the Ramnadi Restoration Mission Medal of Honour for participation!

NOTE : The jury will compile the most appropriate and relevant recommendations to be used in the 'Ramnadi Action Plan'. The team's efforts will be in action!

Remember, the Ramnadi is a living entity and it is our responsibility to protect our neighbour!

Do call or write if necessary. **Nayaneesh Deshpande** (9561097096), **Mayur Vaidya** (9922270020) and **Priyanka Patil** (8668625987) will be available to help you.

Dear participants and mentors!

Thank you for the excellent presentation!

The Jury and the dignitaries were very happy with the ideas that came up in your presentations. Of special mention is the fact that none of you are from Biology/Zoology/Geology background, and have come up with very interesting suggestions!

As per the tradition of KVIFF, the results will be declared in the closing ceremony, with the GCCC Awards.

VENUE : Balgandharv Rangmandir
