[Under Rule 14 (xxxxi) of Memorandum of Association of the Symbiosis International (Deemed University)]

Chapter 1

1.1 Preamble

Every University strives to deliver its academic programmes in an environment that is conducive to learning, critical inquiry, development of scientific temper, sensitivity towards community and respect for diversity. These have been enshrined within the mission statements of the Symbiosis International (Deemed University) (SIU). Students being *raison d'être* for any Institution, a lot of effort goes into ensuring an enriching student experience. Discipline is an important ingredient to not only foster effective teaching-learning process but also to ensure the safety and security of all the stakeholders including students.

Any disturbance on account of student indiscipline impacts the harmony on the premises of the institute which is why institutes formulate code of conduct and lay down just and fair policies to inquire and decide with violation of code of conduct by students on its premises. It is binding upon any student, who seeks admission, to comply with the requirements of the code of conduct.

The Code of Conduct under these rules has been framed to foster and protect the core missions of the University, the scholarly and civic development of the students in a safe and secure learning environment, and to protect people, properties and processes that support the University and its missions. The establishment and maintenance of a community where there is freedom to teach and to learn is dependent on maintaining an appropriate sense of order that allows for the pursuit of objectives of the University in an environment that is both safe and free of invidious disruption.

Towards this end, the purpose of the Code of Conduct is to define limits of acceptable student conduct and defining violations thereof, as misconduct. Further, it lays down the disciplinary proceedings at the University within the applicable laws of the land ensuring that the actions taken are in pursuance of the same. However, the Code reserves the right of the University to take necessary disciplinary actions against the alleged delinquent in the event of him/ her having been found guilty or convicted by the appropriate authority under the law to which s/he is subjected.
