We get to know academic improvement and also behaviour of the students

simple and precise

Taking each students names and telling about mark

Complete ideas about students academic performance

The agenda of the meetint was carried out very well. All the requirer points covered amd questions answered satisfactory

Well presented

Our doubt was clear

You tell everything about the academic and students behavior but her percentage is 78%and you marked the third rank to the studnet who has 76.6 % . This is not right

Excellent

Parents Teachers Meetings are an oppportunity for parents and teachers to openly discuss what's happening at college. To know how your child is doing on class . Communication between a parent and a teacher can impact how well the student performs.
